This beachside Marbella home is located just on the cusp between San Pedro and Guadalmina. The well-established urbanisation is famed for its luxurious sprawling gardens, and offers the perfect community living for a family with children who can benefit from secure open space.

This sprawling complex was built in 1998, on the beachside plot that today would be the envy of any developer. Back then, land was widely available, and the early property developers who sculpted the Costa del Sol focused as much on the exterior communal areas as they did on the interiors of the homes that they were building.

Hence we find what is rumoured to be the largest swimming pool in the whole of Marbella. Impressive it certainly is. It's freeform shape meanders dreamily within the centre of the apartments, with the beach-style edges of this lagoon offering both aesthetic beauty as well as practicality for all those who wish to wallow in its cool waters.

A wonderfully large Marbella West property within just a few minutes of Puerto Banus. This stunning property will make a fabulous home for a large family looking to live within easy distance of schools, shops, supermarkets and sporting facilities.

A beautiful and spacious apartment available in the prestigious urbanisation within the area of Guadalmina Baja and Casasola.

Underground parking and a storeroom are located underneath the building from where the property is accessed by exterior steps.
