About us

IPP España is a family-owned real estate agency that has been working on the Costa del Sol for 20 years. We serve clients who want to buy properties from Malaga to Estepona, from studios and apartments to multi-million dollar villas. Some people are looking for their dream second home, others want a lucrative holiday rental property and many are now moving to Spain to change their lifestyle.

We are a mix of Spanish and English speakers and our goal is to make the property buying experience in Spain a pleasure for our clients.

We help them every step of the purchasing process, including supporting them in finding Spanish mortgages and connecting them with our own solicitors who offer a special discount for our clients.

We also offer a property management service for clients wishing to let their properties for winter or long term lets.

We have access to all new construction projects, saving you a lot of time and being able to guide you with our knowledge of the market. Buying directly from the developer will not save you money.
