The property has two entrances so although the entertainment floor is at the upper level one can access directly to the upper hall or access on the ground floor into a large hall combined with an additional reception. The master suite is located on the upper floor and has doors opening on to a terrace. The formal drawing room has double aspect views, a working fire place and sliding doors on to a large covered terrace. From the drawing room an arch leads to the formal dining room which easily seats 8 persons and further in to a good size fully fitted kitchen which also have access from the hall. The ground floor offers two double bedroom suites, an additional kitchen facilitating the BBQ area and a second reception which currently is used as a snooker room. Again doors open to a sunny covered terrace. To the front the garden has been fully tiled as a terrace surrounding the private swimming pool and at the rear the garden has been laid to lawn with mature trees surrounding such. In addition, there is a double lock-up garage with direct access to the grounds. This villa has great scope for improvement and thus would make an excellent development investment. Alternatively with a little attention it could easily be used as a traditional vacation property.
